JUKI

Juki's Coming Home
with Advanced Overlock Technology.

MO-655

2-Needle, 2/3/4/5 Thread Overlock with Differential Feed & Chainstitch

MO-654DE

2-Needle, 2/3/4 Thread Overlock with built-in Rolled Hemming & Differential Feed

Enhance Your World of Sewing with Pearl Line Sergers!

The Juki Pearl Line Home Sergers offer two exciting models to expand your sewing capabilities. Create the latest fashions or decorative home items and crafts with the MO-644D four-thread overlock or the MO-655 five-thread machine. Both units offer differential feed and built-in rolled hemming and perform all the popular overlock and flatlock variations. The MO-655 performs a 2-thread chainstitch making it possible to sew a secure 5-thread safety stitch. The Pearl line sergers are ideal for use with today's latest fabrics as well as decorative threads. Add serging techniques to your world of sewing and open new doors to design opportunities!

Adjustable differential feed	■	■

Standard equipment/function ■

Sewing Width Gauge

takes the guesswork out of seam allowances, and is conveniently located on the guard cover.

Lower Looper Threader

allows for easy threading in seconds—simply slide your thread into a slot and snap the looper back in place.

Automatic Rolled Hemming

can now be created quickly and easily with built-in fingertip controls—there is no need to change the foot or plate.

Color-Coded Threading Guides

throughout the machine make threading easy and efficient—special guides lock your thread into the tensions for consistent stitching.

Multi-Purpose Foot

comes equipped with a slotted tape guide which can be used to sew woven tape, elastic, sequins and ribbon.

Lower Knife Adjustment Knob

adjusts the lower knife quickly to change the width of fabric in the seam allowance, for perfect seams and rolled edges.

Heavy-Duty Knife System

operates with a dedicated drive to assure consistent and easy cutting of light to heavy weight fabrics.

Upper and Lower Loopers

are industrial strength to handle your toughest jobs, and accommodate a full range of decorative threads.

Chain Looper Threader

is out of the way when serging—to thread, simply push a button—the looper snaps down for easy threading. (MO-655 only)

Auxiliary Bed

Supplied as standard for use with MO-655 chainstitch
